

1、 Description

Fiber management spool is used for guiding the fiber optic cable in fiber optic patch panel, fiber optic terminal box. It will make the cable in a good order, easy for identify and maintenance.

2、 Features

- Neatly organize and manage fiber within structured wiring enclosure
- spool radius maintains proper bend requirements for fiber and category cable
- Half round design and multiple mounting holes provide versatile installation options
- Sold as a pair
- Compliant RoHS

3、 Specification

- Bending radius larger than 60mm
- Flame
- Material: ABS plastic
- Color : Black and white

4、 Application

- Enclosure Cable Management
- ODF, FTTH box
